GE's New Definite Purpose Controls Deliver Definite Advantages

CR453C Compact

20A-40A

1-pole, 1-pole + shunt and 2-pole

Multiple terminal configurations on line and load terminals allow selection of the right terminals for the job. Choose from hex head screw terminals with slotted/Phillips head or box lug terminals, all with or without quick connect accessory terminals.

Cover (standard on 40A, optional on 25A-30A) offers increased protection from contaminants.

Wide array of coil voltages and frequencies allows the compact DP contactors to be adapted to a wide array of applications.

Large silver alloy contacts offer superior life and resistance to welding.

Low VA "no burn" coil design allows minimum CPT requirement and failsafe reliability during brownout conditions. Features standard 1/4" dual quick connect angled terminals for ease of wiring. Coils are tape wrapped for superior durability and protection from damage.

Universal mounting plate with multiple elongated holes allows the compact contactors to be used with the same mounting holes as existing designs—allowing easy replacement or simple substitution.

Outstanding performance meets all pertinent standards: UL Component Recognized, CSA, CE and ARI 780—insuring long service life and suitability in the application. All ratings meet 6x, 5x, 4x locked rotor amp rating at 240, 480 and 600V respectively. Tested for endurance per ARI 780, all contactors meet or exceed for 500,000 mechanical and 200,000 electrical operations.

Definite Purpose Controls

Full Voltage Contactors

Section 4

CR453A

2-pole and 3-pole

25A-40A

Cover permits visual on/off status indication. Short covers are standard for contactors with all screw terminals. Other contactors feature a standard long cover.

The use of advanced thermoplastics increases contactor performance, allows better appearance, enhances the overall quality and improves the clarity of the terminal markings.

Multiple terminal configurations on line and load terminals allow selection of the right terminals for the job. Choose from hex head screw terminals with slotted/Phillips head or box lug terminals, all with or without quick connect accessory terminals.

Quick connects are integral to the terminal to provide strength and reliability. Silver alloy contacts are strip welded for superior bond, resulting in long life and weld resistance.

Coils can be replaced without tools and are enclosed for protection from outside contaminants. Their reversible design permits top or bottom wiring without inverting the contactors.

New contactors are 20% smaller but still deliver 100% of the performance and quality.

Toolless, snap on accessories make factory and field modifications simple and easy while delivering time savings and late point flexibility.

Class 20 and Class 10 overloads are available.

Low VA “no burn” coil design allows minimum CPT sizing requirement and failsafe reliability during brownout conditions. Features standard slotted/Phillips screw with 1/4" dual quick connect terminals for ease of wiring.

Universal mounting plate with multiple elongated holes allow contactors to be used in same mounting holes as existing designs—allowing easy replacement or simple substitution. DIN rail mount is available.

Contactor components form a “pokayoke” assembly. They are keyed so that it is impossible to put them together incorrectly. This makes for easy, foolproof assembly.

Outstanding performance meets all pertinent standards: UL Component Recognized, CSA, CE and ARI 780—insuring long service life and suitability in the application. All ratings meet 6x, 5x, 4x locked rotor amp rating at 240, 480 and 600V respectively.

Tested for endurance per ARI 780, all contactors meet or exceed 500,000 mechanical and 200,000 electrical operations.

CR353

Standard

Three Phase

2-pole and 3-pole

50A - 150A

Standard Forms

Standard CR353 contactors in the 50-120FLA ratings are supplied with box lug terminals. Power poles in the 50-90FLA size are supplied with two 1/4" quick connect terminals. Contactors in the 120-150FLA size include control power accessory screws on L1 and L2. Coils are provided with screw connections with a single 1/4" quick connect terminal on the 50 and 60 amp size and two 1/4" quick connect terminals on the 75 and 90 amp size.

For configurations not found below see page 4-11 for Factory Modified Forms.

Three Phase and Single Phase

Factory Modified Forms

25A-40A

Factory Installed Modifications

CR454 Definite Purpose Starters, 25A-40A

Select your starter from the main table and complete the product number by inserting the digits corresponding to required and optional specifications from the tables below. For holding interlocks, select the appropriate auxiliary contact for Digits 13-14. Starters with screw line terminals will be supplied with short covers, and all others will be supplied with long covers. Note: all factory modified forms require minimum orders/additional multiples. See page 4-34 for bulk pack details.

Full Load	Resistive Amps	Three Phase, 50/60 Hz								Single Phase HP ²	Product Number (Complete by adding digits from tables below ¹)

Three Phase and Single Phase

Heaters

50A-60A

Standard or ambient compensated overload relays, Open or Type 1 Enclosed

To prevent overloading the starter, do not select heater(s) for a motor with a rating larger than the maximum shown on the starter nameplate. If a motor's full-load amps fall between two ratings, select heaters with the higher of the two ratings.

For continuous rated motors with a service factor of 1.15 to 1.25, select the heater with maximum motor amps equal to or immediately greater than the motor full-load current. This will provide a maximum of 125% protection. For continuous rated motors with no service factor, multiply the full-load current of the motor by 0.9 and use the resulting value to select the heater.

To protect the heater and starter during a short circuit, provide motor branch circuit protection in accordance with Table 420-152 in Article 430 of the National Electrical Code. In no case should the fuse rating exceed 4 times the motor full-load current for single-element fuses or 2.25 times the motor full-load current for dual-element fuses.

Do not use these tables to select heaters for hermetic motor applications. Contact your GE Consumer & Industrial sales office for information.

Heater amps are based on 75°C wire. All heaters are packaged 3 per carton and carry a **List Price of \$9.00, GO-10H.**

CR353	Contactors	25A-40A, 4-pole	CR353XE1BB	\$42.00
		50A-60A, 3-pole		
CR353	Contactors	75A-90A	CR353XE1BC	\$60.00
CR354	Starters	50A	CR353XE1AA	\$48.00

For 120A-150A contactor enclosures, contact local GE Consumer & Industrial sales office.

Accessories for CR453XE1A Enclosure

Enclosure Accessory Type	Product Number	List Price GO-10C2
Start/Stop Push Button Without Light	CLXP1B	\$39.00
Start/Stop Push Button With Light—115 V	CLXP1C	\$112.00
Start/Stop Push Button With Light—230 V	CLXP2C	\$112.00
Start/Stop Push Button With Light—460 V	CLXP3C	\$112.00
Start/Stop Push Button With Light—575 V	CLXP1C4	\$112.00
H-O-A Switch	CLXP1D	\$39.00
On-off Switch	CLXP1E	\$39.00
Red Indicating Light (For use with H-O-A or ON/OFF selector switch)	CLXP1F ¹	\$67.00
Reset Kit (For starter enclosure)	CLXR11	\$8.00

¹Each kit has three resistors allowing light to be used with all voltages 110 through 600.

Pneumatic Timers for CR453A Series

Type	Time Range	Contacts	Product Number	List Price GO-10C2
Time Delay On	0.1-30 seconds	1 NO-1 NC	BTLF30C	\$120.00
Time Delay On	1-60 seconds	1 NO-1 NC	BTLF60C	\$120.00
Time Delay Off	0.1-30 seconds	1 NO-1 NC	BTLF30D	\$120.00
Time Delay Off	1-60 seconds	1 NO-1 NC	BTLF60D	\$120.00

Surge Suppressors

Type	Voltage	Product Number	List Price GO-10C2
RC	24-48 VAC	BSLR2G	\$24.00
RC	50-127 VAC	BSLR2K	\$24.00
RC	130-240 VAC	BSLR2R	\$24.00
Diode	12-600 VAC	BSLDZ	\$24.00
Varistor	24-48 VAC/DC	BSLV3G	\$24.00
Varistor	50-127 VAC/DC	BSLV3K	\$24.00
Varistor	130-250 VAC/DC	BSLV3R	\$24.00
Varistor	380-500 VAC/DC	BSLV3U	\$24.00

Mechanical Latch Block for CR453A Series

Release Voltage	Product Number	List Price GO-10C2
24-32 VAC/DC	RMLFD	\$70.00
42-48 VAC/DC	RMLFG	\$70.00
110-125 VAC/DC	RMLFJ	\$70.00
208-277 VAC/DC	RMLFN	\$70.00
380-480 VAC/DC	RMLFU	\$70.00
500-600 VAC/DC	RMLFY	\$70.00

Mounting Positions

To maintain operating integrity, contactors must be mounted in one of the positions shown below:

CR453C

CR453A

CR353

Definite Purpose Controls

Full Voltage Contactors

Section 4

CR453C, CR453A

Outlines and Dimensions in./.(mm) (For Estimating Only)
20A-150A

CR453C

CR453A + 250V Aux. Contacts

CR453A + 600V Aux. Contacts

Publications and Reference: See Section 17 for a complete list of additional product-related publications

Definite Purpose Controls

Full Voltage Contactors and Starters

Section 4

CR353

Outlines and Dimensions in./.(mm) (For Estimating Only)
25A-150A

CR353A, 4-pole + 250V Aux. Contacts

CR353F + 250V Aux. Contacts

CR353E + 250V Aux. Contacts

Definite Purpose Controls

Full Voltage Contactors and Starters

Section 4

CR453A, CR353

Outlines and Dimensions in./.(mm) (For Estimating Only)
25A-150A

CR353G + 600V Aux. Contacts

Enclosure CR453XE1A, CR353XE1BB

Enclosure CR353XE1BC

Publications and Reference: See Section 17 for a complete list of additional product-related publications

Definite Purpose Controls

2-Speed Contactors

CR455
Outlines, Dimensions in./(mm) and Weights (For Estimating Only)
25A-90A

CR453C Bulk Pack

Packaging	Description	Units	Item	Weight	Dimensions (H x W x D)
Units in single boxes	Single box	1	1-pole	10.1 oz.	.3" x 2.4" x 3.7"
Units in single boxes	Single box	1	1-pole + shunt	10.4 oz.	.3" x 2.4" x 3.7"
Units in single boxes	Single box	1	2-pole	10.5 oz.	.3" x 2.4" x 3.7"
Units in single boxes	Overpack (20 single boxes)	20	1-pole	2.5 lbs.	7.9 x 8" x 13"
Units in single boxes	Overpack (20 single boxes)	20	1-pole + shunt	2.6 lbs.	7.9 x 8" x 13"
Units in single boxes	Overpack (20 single boxes)	20	2-pole	2.6 lbs.	7.9 x 8" x 13"
Units in single boxes	Case (60 overpacks)	1,200	1-pole	180.8 lbs.	39" x 43.3" x 42.1"
Units in single boxes	Case (60 overpacks)	1,200	1-pole + shunt	185.2 lbs.	39" x 43.3" x 42.1"
Units in single boxes	Case (60 overpacks)	1,200	2-pole	186.8 lbs.	39" x 43.3" x 42.1"
Units in single boxes	20' container (20 cases)	24,000	1-pole	3,616 lbs. (net)	7.8' x 7.7' x 19.4'
Units in single boxes	20' container (20 cases)	24,000	1-pole + shunt	3,704 lbs. (net)	7.8' x 7.7' x 19.4'
Units in single boxes	20' container (20 cases)	24,000	2-pole	3,736 lbs. (net)	7.8' x 7.7' x 19.4'
Units in single boxes	40' container (44 cases)	52,800	1-pole	7,955 lbs. (net)	7.8' x 7.7' x 39.5'
Units in single boxes	40' container (44 cases)	52,800	1-pole + shunt	8,149 lbs. (net)	7.8' x 7.7' x 39.5'
Units in single boxes	40' container (44 cases)	52,800	2-pole	8,219 lbs. (net)	7.8' x 7.7' x 39.5'
Units bulk packed	Overpack (20 DP's)	20	1-pole	12.5 lbs.	3.7" x 11.2" x 14.2"
Units bulk packed	Overpack (20 DP's)	20	1-pole + shunt	12.66 lbs.	3.7" x 11.2" x 14.2"
Units bulk packed	Overpack (20 DP's)	20	2-pole	12.66 lbs.	3.7" x 11.2" x 14.2"
Units bulk packed	Case (90 overpacks)	1,800	1-pole	236.5 lbs.	41.3" x 44.5" x 35.4"
Units bulk packed	Case (90 overpacks)	1,800	1-pole + shunt	243.1 lbs.	41.3" x 44.5" x 35.4"
Units bulk packed	Case (90 overpacks)	1,800	2-pole	245.5 lbs.	41.3" x 44.5" x 35.4"
Units bulk packed	20' container (24 cases)	43,200	1-pole	5,676 lbs. (net)	7.8' x 7.7' x 19.4'
Units bulk packed	20' container (24 cases)	43,200	1-pole + shunt	5,834 lbs. (net)	7.8' x 7.7' x 19.4'
Units bulk packed	20' container (24 cases)	43,200	2-pole	5,652 lbs. (net)	7.8' x 7.7' x 19.4'
Units bulk packed	40' container (52 cases)	93,600	1-pole	12,298 lbs. (net)	7.8' x 7.7' x 39.5'
Units bulk packed	40' container (52 cases)	93,600	1-pole + shunt	12,641 lbs. (net)	7.8' x 7.7' x 39.5'
Units bulk packed	40' container (52 cases)	93,600	2-pole	12,766 lbs. (net)	7.8' x 7.7' x 39.5'

CR453A Bulk Pack

Single pack

Product	Min. order/additional multiples	Weight per box	Dimensions per box (H x W x D)
Contactors with no aux. contacts	96/24	1 lb.	3.5" x 2.5" x 4.25"
Contactors with 1 aux. contacts	108/18	1.1 lbs.	3.5" x 3" x 4.25"
Contactors with 2 aux. contacts	90/15	1.2 lbs.	3.5" x 3.5" x 4.25"
Starters	48/24	3.1 lbs.	7.25" x 5.75" x 8"
2-speed controllers	48/24	3.1 lbs.	7.25" x 5.75" x 8"

Corrugated box Bulk Pack

Product	Min. order/additional multiples	Items per tray	Trays per box	Weight per box	Dimensions per box (H x W x D)
Contactors with no aux. contacts	96/32	8	4	30 lbs.	7.5" x 19" x 19"
Contactors with 1 aux. contacts	96/32	8	4	30 lbs.	7.5" x 19" x 19"
Contactors with 2 aux. contacts	96/32	8	4	30 lbs.	7.5" x 19" x 19"
Starters	48/24	6	4	74 lbs.	14.25" x 23.5" x 25"
2-speed controllers	48/24	6	4	74 lbs.	14.25" x 23.5" x 25"

Skid pack

Product	Min. order/additional multiples	Items per tray	Trays per layer	Layers per skid	Weight per layer	Dimensions per layer (H x W x D)
Contactors with no aux. contacts	240/80	8	10	3 to 8	45 lbs.	4" x 40" x 48"
Contactors with 1 aux. contacts	240/80	8	10	3 to 8	50 lbs.	4" x 40" x 48"
Contactors with 2 aux. contacts	240/80	8	10	3 to 8	55 lbs.	4" x 40" x 48"
Starters	120/40	4	10	3 to 8	55 lbs.	4" x 40" x 48"
2-speed controllers	120/40	4	10	3 to 8	50 lbs.	4" x 40" x 48"

Bulk Pack — Individual Boxes

Skid Pack — Not Individually Boxed
