Contact your local GE sales office or call GE ED&C Switchgear Operation at 319-753-8400 for details and ordering information.

<sup>1</sup> Kits contain replacement barriers only; arc quenchers do not contain asbestos.

<sup>2</sup> G2 kits are not available for these breakers; please contact the factory for individual replacement arc quenchers.

<sup>3</sup> These kits are for use on breakers used in AKD and AKD-5 switchgear and substructures.

<sup>4</sup> Does not apply to AK-1 series breakers.
