

TYPE AF AUTOMATIC AUTO STARTER

RENEWAL PARTS FOR TYPE AF AUTO-STARTERS

The parts illustrated are typical of all Type AF Auto-Starters. It is not necessary to describe the appearance of the part desired, as NAMING THE PART AND GIVING THE NAMEPLATE READING of the starter will assure correct shipments.

*Furnished only as a completely assembled unit.

†When ordering specify whether starting or running interlock contact assembly is wanted.
‡Completely assembled unit supplied to insure correct alignment of contact elements.

§Refer to Class RP 15580 for renewal parts on relays.
